Some looking back may not be good but it is **N** _____ to make us think and get our own priorities right.

September 11, 2001 - Could it happen again?

What can we do? What must we do in the light of terror, danger and evil in this world?

There are several, common sense things we can do.

1. DON'T DO DUMB THINGS THAT PUT YOU IN DANGER

We must be **C** _____ in this world of evil and danger!

We must be **W** _____.

We must give **T** _____ to what we are doing.

We must exercise **W** _____ and **C** _____ **S** _____ in order to avoid certain dangers.

Don't do stupid things in life that could possibly kill or maim you or harm you!

There is much evil in this world.

We must be **A** _____, **C** _____ & **C** _____.

YOU ARE IMPORTANT, VALUABLE AND NEEDED!

2. PUT YOUR GREATEST TRUST IN THE LORD

Be **P** _____.

Put our greatest **T** _____ in the Lord

To the world you may be ordinary but figure out how to do extraordinary things!

How do we put our trust in the Lord?

Mark 1:35 "Very early in the morning, while it was still dark, Jesus got up, left the house and went off to a solitary place, where he prayed."

Trust God in EVERYTHING!
